The Lal Kitab, a rare book in urdu, was popular in north-west India, Pakistan, Iran and many other countries. This English version has added new dimensions to make it more lucid and easier to understand.

The followers of the Aghora path try to cultivate a state of mind and social practice totally non-discriminatory. Seeing the Divine in everything and everybody, they transcend all category distinctions, all prescriptions and proscriptions of the normal social structures such as high and low, purity and pollution, pure and impure, or male and female. In the 20th century, Aghoreshwar Mahaprabhu Baba Bhagwan Ram (1937-1992) was the greatest avatar in the Aghora tradition. He attained enlightenment at the age of fourteen or fifteen. People felt that Baba truly loved everyone who went to him. Hundreds of thousands of devotees, simple villagers, spiritual seekers and high dignitaries would flock around him. Baba's teachings were imparted more through everyday conversations rather than through sermons. On his advice, his words were compiled into a book. Thus was written Aghor Vachan Shastra in Hindi and this book, its English translation.

The Kularnava is perhaps the foremost Tantra of the Kaula School and is constantly cited as an authority in Tantric literature. It is worthy of close study by those who would understand the tenets and practice of the tradition of which it is a Sastra. The Introduction by Arthur Avalon gives a concise outline of the work. Sri M.P. Pandit who is a keen student of the Tantras and Vedas has rendered the work in English in eleven chapters. The readings are free translations, with annotations where necessary, omitting technical details but preserving the spirit and essential import of the original in his

characteristically lucid style. The Kularnava prescribes the modes of preparation for the high quest; it draws upon ethics, religion, philosophy, yoga to elevate human life gradually to the level of godly life. It comprehends the multiple personality of man and provides for the healthy growth of his mental faculties, purification of his physical faculties through ritual, japa, mantra and upasana. Who is fit for the path of Tantra? Who is competent to guide the novice on the double - edged razor path? What is the responsibility of a Guru to a disciple? These and other relevant questions are raised and answered in a satisfying manner.

What you are about to learn right now is rather obscure. In fact, there is only one other book written on this particular topic. It's a hidden side of an otherwise popular spiritual practice. What you will learn is the Dark Mantras of Subjugation called Vashikaran. I call them dark because they are meant to "subjugate" or "command" people and events to your will. Often mantras are associated with pure and spiritual practices. We use mantras to achieve altered states of consciousness, We use them to attract divine blessings. Seldom do we hear about people using mantras to control another person or persons. That kind of thing was relegated to black magick and witchcraft here in the west. But is it truly black magic? Is there actually such a thing as white and black magick in the eastern traditions? Or perhaps we , in the west interpret these things in stark black and white terms?In this book, we will discuss the Vashikaran Mantras and their dark powers

NEW YORK TIMES BESTSELLER - Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means "dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life." The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy. Praise for Sadhguru and Inner Engineering "Contrarian and consistent, ancient and contemporary, Inner Engineering is a loving invitation to live our best lives and a profound reassurance of why and how we can."--Sir Ken Robinson, author of *The Element*, *Finding Your Element*, and *Out of Our Minds: Learning to Be Creative* "I am inspired by Sadhguru's capacity for joy, his exuberance for life, and the depth and breadth of his curiosity and knowledge. His book is filled with moments of wonder, awe, and intellectual challenge. I highly recommend it for anyone interested in self-transformation."--Mark Hyman, M.D., director, Cleveland Clinic Center for Functional Medicine, and New York Times bestselling author "Inner Engineering is a fascinating read of Sadhguru's insights and his teachings. If you are ready, it is a tool to help awaken your own inner intelligence, the ultimate and supreme genius that mirrors the wisdom of the cosmos."--Deepak Chopra

While the nation was celebrating Independence from British Rule and singing all praises for the "Father of The Nation" Mahatma Gandhi, the news of his assassination came as a shock. He was arrested at the crime scene and sentenced to death after a year long trial. The book contains the final speech given by Godse in the court, mentioning the reason behind the drastic step he took.
