Discusses the writing of The house on Mango Street by Sandra Cisneros. Includes critical essays on the work and a brief biography of the author.

From the outset, South Africa's history has been marked by division and conflict along racial and ethnic lines. From 1948 until 1994, this division was formalized in the National Party's policy of apartheid. Because apartheid intruded on every aspect of private and public life, South African literature was preoccupied with the politics of race and social engineering. Since the release from prison of Nelson Mandela in 1990, South Africa has been a new nation-in-the-making, inspired by a nonracial idealism yet beset by poverty and violence. South African writers have responded in various ways to Njabulo Ndebele's call to "rediscover the ordinary."

The result has been a kaleidoscope of texts in which evolving cultural forms and modes of identity are rearticulated and explored. An invaluable guide for general readers as well as scholars of African literary history, this comprehensive text celebrates the multiple traditions and exciting future of the South African voice. Although the South African Constitution of 1994 recognizes no fewer than eleven official languages, English has remained the country's literary lingua franca. This book offers a narrative overview of South African literary production in English from 1945 to the postapartheid present. An introduction identifies the most interesting and noteworthy writing from the period. Alphabetical entries provide accurate and objective information on genres and writers. An appendix lists essential authors published before 1945.

The English-speaking whites of South Africa participate in the larger culture of the English-speaking world while rejecting its unspoken consensual positions on many basic issues. This study analyses texts of different kinds produced by the group to examine the way these deviant English-speakers see themselves, and particularly how this self-image is influenced by the presence of the blacks who constitute a crucial part of their perceptual field. Economically powerful but politically marginal for many years, the English-speaking whites have always been
