you to download and customize to suit you and your clients' unique styles and needs

Help your clients develop their problem-solving, communication, and coping skills. As a mental health professional, you work to help your clients learn to recognize and clearly communicate their feelings, to identify how and when problems arise, and to develop effective coping strategies. In today's managed care environment, in which rapid results are everything, many psychotherapists are finding that pencil-and-paper homework exercises can provide a highly effective therapeutic adjunct for helping clients achieve those goals. The Brief Therapy Homework Planner arms you with dozens of ready-to-use between-session assignments designed to fit with virtually every therapeutic mode. You get 62-behaviorally-based, copier-ready exercises, grouped by skill set and covering all major presenting symptoms. The author, an experienced clinician, provides expert guidance on how to make the most efficient use of the exercises, along with cross-references to the best-selling Complete Adult Psychotherapy Treatment Planner, 2nd Edition that help you to identify the right exercise for a given situation or behavioral problem. And, since no two therapists—or clients—are alike, the Brief Therapy Homework Planner comes with a computer diskette containing all the assignments in the book in word-processing format. You have complete freedom to adapt, customize, and fine-tune the assignments to suit your unique style and your clients' needs. The Brief Therapy Homework Planner is an indispensable tool-of-the-trade for all mental health professionals working in independent and small group practices.

New and updated assignments and exercises to meet the changing needs of mental health professionals The Adolescent Psychotherapy Homework Planner, Fifth Edition provides you with an array of ready-to-use, between-session assignments designed to fit virtually every therapeutic mode. This easy-to-use sourcebook features: 146 ready-to-copy exercises covering the most common issues encountered by adolescent clients including such problems as blended families, substance use, and eating disorders A quick-reference format—the interactive assignments are grouped by behavioral problems including academic underachievement, anger control problems, depression, social anxiety, and sexual abuse Expert guidance on how and when to make the most efficient use of the exercises Assignments cross-referenced to The Adolescent Psychotherapy Treatment Planner, Fifth Edition—so you can quickly identify the right exercises for a given situation or problem A CD-ROM contains all the exercises in a word-processing format—allowing you to customize them to suit your and your clients' unique styles and needs
