It concerns matters such as navigational rights, sea mineral claims, and coastal waters jurisdiction. While drawn from a number of international customs, treaties, and agreements, modern law of the sea derives largely from the United Nations Convention on the Law of the Sea, effective since 1994, which is generally accepted as a codification of customary international law of the sea,

Law of the sea - Wikipedia

Law of the Sea, branch of international law concerned with public order at sea. Much of this law is codified in the United Nations Convention on the Law of the Sea, signed Dec. 10, 1982. The convention, described as a “constitution for the oceans,” represents an attempt to codify international law regarding territorial waters, sea-lanes, and ocean resources. It came into force in 1994 after it had been ratified by the requisite 60 countries; by the early 21st century the convention had ...

The course focusses predominantly on international law, with a particular emphasis on the law of the sea. Students will acquire expertise in the multifaceted interface between the different fields of international law, whilst also developing specialist knowledge of the law pertaining to the sea.

Law of the Sea | Bangor University

Maritime law deals with Jurisprudence that governs ships and shipping, and is concerned with contracts, torts, and other issues involving private shipping, whereas the law of the sea refers to matters of public international law. Many topics are contained within the law of-the-sea concept. These include the definition of a state's Territorial Waters, the right of states to fish the oceans and to mine underneath the oceans, and the rights of states to control navigation.

Law of the Sea legal definition of Law of the Sea

It is also known as the Law of the Sea. It is an international agreement or treaty which establishes rules and guidelines for using the world's oceans and seas, so as to use and conserve marine resources and to secure the preservation and protection of all the living beings of the sea.

Synopsis. It is now more than ten years since the 1982 United Nations Convention on the Law of the Sea (LOSC) came into force and more than twenty years since it was concluded in December of 1982 after more than nine years of negotiations. The famous <"package deal"> that it represented addressed many of the problematic issues that previous conventions had been unable to settle.
