This free software was originally created by MoeTronix. The following versions: 3.3, 3.2 and 3.1 are the most frequently downloaded ones by the program users. SpectraVue is compatible with Windows XP/Vista/7/8/10 environment, 32-bit version. The most frequent installer filename for the software is: SpectraVue.exe.

SpectraVue (free) download Windows version

3.0 UPDATING FIRMWARE Now that Windows knows about the FCD, you can go about the process of updating the firmware. As of the time that this document was written, all FCDs come with firmware version 18b installed. This version is referred to as the “ baseline firmware ” , and it primarily provides just enough functionality to
