The Dorito Effect The Surprising

" In The Dorito Effect Mark Schatzker explores a novel - and to my mind, key - theory to explain our increasing consumption of the low-quality food that is undermining health. Modern food production has made much of what we eat flavorless, and a multibillion dollar flavor industry has stepped in to fool our senses, leaving us unsatisfied and craving more and more.

Description "In The Dorito Effect, Mark Schatzker shows us how our approach to the nation's number one public health crisis has gotten it wrong. The epidemics of obesity, heart disease, and diabetes are not tied to the overabundance of fat or carbs or any other specific nutrient.

The Dorito effect : the surprising new truth about food ...

Drawing on advances ranging from the brain science of food addiction to how plants communicate with insects, The Dorito Effect shows how we have interfered with a highly sophisticated chemical language that evolved to guide our nutrition. Evolution did not program us to get fat—we've simply tricked ourselves into craving the wrong foods.

The Dorito Effect — Mark Schatzker

The Dorito effect is that the more raw food we produce, the more bland and nutritionally worthless it becomes, the more flavors we must add to make it interesting and the more varieties we have to offer because it so unappealing. Fruit, vegetables, chicken, beef – all taste nothing like they used to and mainly taste like nothing.

The Dorito Effect Quotes Showing 1-30 of 31. " The food problem is a flavor problem. For half a century, we've been making the stuff people should eat--fruits, vegetables, whole grains, unprocessed meats--incrementally less delicious. Meanwhile, we've been making the food people shouldn't eat--chips, fast food, soft drinks, crackers--taste ever more exciting.

The Dorito Effect Quotes by Mark Schatzker

The Dorito Effect explains how the quality of our food has diminished over the past century. Modern agricultural practices and the emergence of a huge synthetic flavor industry have radically altered the food we eat. The following blinks examine how these significant changes have led to unhealthy eating habits and soaring obesity rates.
