Solkattu, the spoken rhythms and patterns of hand-clapping used by all musicians and dancers in the classical traditions of South India, is a subject of worldwide interest—but until now there has not been a textbook for students new to the practice. Designed especially for classroom use in a Western setting, the manual begins with rudimentary lessons in the simplest South Indian tala, or metric cycle, and proceeds step-by-step into more challenging material. The book then provides lessons in the eight-beat adi tala, arranged so that by the end, students will have learned a full percussion piece they can perform as an ensemble. Solkattu Manual includes

two DVDs featuring performances of all 150 lessons, and full performances of all three of the outlined small-ensemble pieces. Ideal for courses in world music and general musicianship, as well as independent study. Book lies flat for easy use.

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the

The Geospatial Web (aka the GeoWeb) is a rapidly evolving Web 2.0 market of innovative data and software applications--including location-based services, social software, and even augmented reality--for both the web and mobile devices. Propelled by the new location-aware iPhone, the GeoWeb is hurtling into the mainstream. This special issue lays out the new generation of geo products and services, identify the major players, and show how your business can leverage the power of Where 2.0.

The third edition succeeds the fifth update of second edition. One of the main features has been the adoption of new and revised international standards, notably the International Standard Identifier for Libraries and Related Organizations, the ISBN 13 and the linking ISSN. New fields have been added for recording the Persistent Record Identifier. Uniform Conventional Headings for Legal and Religious texts are now catered for with separate fields. A number of fields have been revised: archival materials, manuscripts and documentation produced by the ISSN International Centre.
